RENEWED PETITION UNDER 37 CFR 1.181, PETITION FOR REVIVAL OF AN APPLICATION UNDER 37 CFR 1.137(a) AND PETITION FOR REVIVAL OF APPLICATION UNDER 37 CFR 1.137(b)

This is a Reply to decision on petition, mailed April 23, 2007, in the subject application.

The original petition filed 18 January 2007 was a petition under 37 CFR 1.137(a), but was not treated as such because no petition fee was filed. However, the applicant on March 21, 2006 paid the patent issue fee and included a cover letter with a blanket authorization to charge a deposit account. A copy of the March 21, 2006 filing (including said cover letter) is enclosed.

Accordingly, the original petition should have been treated as a petition under 37 CFR 1.137(a), and the applicant requests that the office reconsider the petition as such.

Also enclosed is an alternative petition under 37 CFR 1.137(b) along with the fee.

As the abandonment was caused by a Patent Office mistake, the applicant requests refunds of any and all petition fees paid or charged in 2007.

The undersigned spoke with Mr. Wood in late April 2007. Mr. Wood suggested the filing of this request for reconsideration, along with a 1.137(b) petition as an alternative. This advice is appreciated and has been followed herein.

The April 18 2007 Decision on Petition recited on page 2 a paragraph from the 13 July 2006 Corrected Notice of Allowance, and found "As such, a response was clearly required..." The undersigned disagrees, and requests reconsideration. The subject paragraph as a whole begins "The issue fee and publication fee (if required)..." It is without question that the issue fee and publication fee had already been paid, thus no additional fee was due in response to the corrected notice. With that qualifier at the beginning of the paragraph, it is absolutely NOT clear that any response was required. In fact, the implication is that no response was required, so applicant did not respond. The language quoted in the Decision also does not state that any "credit for any previously paid fee" is necessary. Thus, as a whole, the form does not clearly require a response.

Beyond the form language, the reason for the issuance of the corrected notice was that another examiner had mistakenly issued a final office action in this application. The Office apparently desired to issue a corrected Notice of Allowance to clarify this mistake by the Office. These actions were of absolutely no doing of the applicant. As the entire basis for the abandonment was due to an Office mistake and a form that is ambiguous at best, the applicant

believes that the abandonment was unavoidable, and requests granting of the petition under 37 CFR 1.137(a) and refund of all petition fees paid in 2007.

As an alternative which is provided only so that the patent will issue without further delay, the delay has been entirely unintentional, and so the 37 CFR 1.137(b) petition should be granted.

Also, if such is still considered necessary in response to the corrected notice of allowance, enclosed is part B of the form, which the undersigned understands will be considered a request to reapply the previously paid issue fee toward the issue fee due in reply to the notice.

If for any reason this paper is found to be incomplete, or if at any time it appears that a telephone conference with counsel would help advance prosecution, please telephone the undersigned in Westborough, Massachusetts, (508) 898-1501. The Commissioner is authorized to charge any fees, and is requested to make refunds, to deposit account 50-1582.

Respectfully submitted,
